

Dear Grateful Donor,

I wanted to take the time to thank you for the money that I am receiving toward my college education. The opportunity that the graduating class of 2016 is receiving thanks to this scholarship is a big deal especially because we are a part of the first class to receive it. I am grateful for this opportunity because it is a chance for students to feel appreciated for being a part of Weld County and it is proving that each and every student has a chance to further their education beyond high school. College tuition is a large expense and it can be a struggle for several families. To many people \$3,000 may not seem like a lot, but I know that it is not common to come across a scholarship that so many students have a shot at getting and I am glad I was one of the people who got to take advantage of it. Thank you once again.

Sincerely,
